

2008 Venice Course on Extreme Vascular Interventions

April 17th - 19th, 2008 - Lido di Venezia, Palazzo del Cinema

ADVANCED PROGRAM

Thursday, April 17th

7,30 - 10,00 Registration

9,00 - 10,00 Sala Grande - Morning Symposium on behalf of GE Medical Systems

Endovascular-suite organization and setting for extreme interventions

Chairman: **Anne Marie Brekke** (Oslo, Norway)

- Setting the angio-cardio suite for extreme interventions
Anne Marie Brekke (Oslo, Norway)
- The ideal X-ray system for imaging and intervention
- New imaging opportunities

10,00 - 10,15 Sala Grande

Extreme vascular interventions after two years: what has changed - live from Brescia

Chairman: **Lanfroi Graziani** (Brescia, Italy)

10,15 - 12,50 Sala Grande

Main Session: Live cases from Brescia and Wien and Lectures

Chairman: **Pier Giorgio Cao** (Perugia, Italy)

Topic: Methods and devices for extreme femoral and popliteal interventions

- Intraluminal Vs subintimal recanalization in long femoropopliteal occlusions
Claudio Rabbia (Torino, Italy)
- Stents for femoral and popliteal long and complex lesions
Lawrence A. Garcia (Boston, USA)
- Techniques of re-entry during sub-intimal recanalization
Dai-Do Do (Bern, Switzerland)

13,00 - 14,00 Sala Volpi - Luncheon Symposium

Screening of CVD in patients with CLI

Chairman: **Francesco Liistro**, Arezzo (Italy)

- Hypothesis of a modern approach for CAD screening in diabetics with Critical Limb Ischemia (CLI): possible solutions for an emerging problem
Francesco Kokaly (Brescia, Italy), **Francesco Liistro** (Arezzo, Italy)
- Myocardial Perfusion Imaging (MPI) and Dobutamine Stress Echocardiography (DSE): may a negative test not predict a favorable outcome in diabetics?
Rosa Sicari (Pisa, Italy)
- Screening of CAD with Coronary Artery Calcium (CAC) scoring and MPI: consequent or parallel steps for coronary angiography indication?
D. Vijay Anand (London, UK)

14,00 - 18,30 Sala Grande

Main Session: Live cases from Brescia and Columbus (Ohio) and Lectures

Chairman: **Alberto Piaggese** (Pisa, Italy)

Topic: Diabetic foot surgery, combined by-pass surgery and intervention

- Essentials of diabetic foot care for surgeons
Roberto De Giglio (Abbiategrasso, Italy)
- Management of ischemic and infected diabetic foot
Michael E. Edmonds (London, UK)
- Vascular surgery and diabetic foot revascularization in 2008
GU Yong-quan (Beijing, China)

Friday, April 18th

8,00 - 9,00 Sala Grande - Morning Symposium on behalf of Bracco Imaging Italia and Abbott

Complications prevention

Chairman: **Eric Minar** (Wien, Austria)

- Devices and strategies to lower the complication rate in extreme interventions
- Antegrade Vs crossover approach: tricks and tools
- How to prevent the contrast nephropathy in high risk diabetics
Antonio Silvestro (Brescia, Italy)

9,00 - 12,50 Sala Grande

Main Session: Live cases from Brescia and Wien and Lectures

Chairman: **Amir Motarjeme** (Chicago, USA)

Topic: Extensive tibial arteries recanalization

- State of the art in BTK interventions
Amir Motarjeme (Chicago, USA)
- E.V.I. and limb salvage: what clinical trials told us
Alberto Piaggese (Pisa, Italy)
- Prostanoids, hyperbaric oxygen and cryoplasty: indications, results and limits
Tony Das (Dallas, USA)

13,00 - 14,00 Sala Volpi - Luncheon Symposium on behalf of Abbott

Intervention strategy in diabetics with coronary, carotid and PVD

Chairman: **Francesco Liistro** (Arezzo, Italy)

- What should we know about systemic arteriopathy in diabetics?
Peter Sheehan (New York, USA)
- Intervention strategies in diabetics with combined carotid, peripheral and coronary artery disease: how safe can we sail in the storm?
Krishna Rocha-Singh (Springfield, USA)
- Clinical cases presentation
Francesco Liistro (Arezzo, Italy), **Lanfroi Graziani** (Brescia, Italy)

14,00 - 18,30 Sala Grande

Main Session: Live cases from Brescia and Columbus (Ohio) and Lectures

Chairman: **Augusto Gallino** (Bellinzona, Switzerland)

Topic: Tibial and foot arteries recanalization techniques

- Techniques and devices for Tibial C.T.O. recanalization
Roberto Gandini (Rome, Italy)
- Laser and atherectomy: could we treat C.L.I. without balloons and stents?
Thomas Zeller (Bad Krozingen, Germany)

Saturday, April 19th

8,30 - 10,30 Sala Volpi

Talk with the Director on behalf of Invatec

Advanced Course on antegrade femoral approach and tibial arteries recanalization techniques

Chairman: **Lanfroi Graziani** (Brescia, Italy)

(Restricted number, application required)

Faculty

D. Vijay Anand
Anne-Marie Brekke
Pier Giorgio Cao
Tony S. Das
Roberto De Giglio
Dai-Do Do
Michael E. Edmonds
Augusto Gallino
Roberto Gandini
Lawrence A. Garcia
Francesco Kokaly
Francesco Liistro
Eric Minar
Amir Motarjeme
Alberto Piaggese
Claudio Rabbia
Krishna Rocha-Singh
Peter Sheehan
Rosa Sicari
Antonio Silvestro
GU Yong-quan
Thomas Zeller

Operators in Columbus

Gary Ansel
Charles F. Botti Jr.
Mitchell J. Silver

Operators in Wien

Johannes Lammer
Erich Minar
Martin Schillinger
Maria Schoder

Operators in Brescia

Louay Altarazi
Bernadette Aulivola
Dag Bay
Arian Frasher
Roberto Gandini
Lanfroi Graziani
Prakash Krishnan
Roberto Mingardi
Domenico Patané
